

Certificate in Anglican Studies (CAS) Program Worksheet

for students entering academic years 2024-2025

This Wycliffe College Program is a non conjoint program. Students are considered Wycliffe College students and not U of T students. Eight credits are required in the CAS program. The table below represents course requirements, but the order is optional. It is highly recommended that the core courses be taken first. Courses starting with WYF also have Field Placement requirements that are approved by the Director of Field Education

Students are expected to consult with their Academic Advisor regularly to discuss course selections
