

**CONJOINT CERTIFICATE IN THEOLOGICAL STUDIES  
for students beginning in 2022-2023**

This Wycliffe College Program is a conjoint program. Students are considered Wycliffe College students and U of T students. Seven credits are required in the CCTS program. The table below represents course requirements, but the order is optional. It is highly recommended that the foundational courses be taken first. Please consult with your Academic Adviser for advice on course selection.

Where students enter with some previous coursework in theological or religious studies, their Academic Adviser may waive a requirement in favour of a substitute class
