

CHECKLIST FOR International Students¹

BEFORE ARRIVING

As soon as you are admitted

- Apply for a study permit.**

[Apply for your study permit](#) well before your proposed travel date.* Also, check with your local visa office as additional documentation may be required. For more information, visit Wycliffe's International Student page and the [Immigration Canada website](#).

- For additional information and assistance with obtaining your study permit, visit U of T's [Centre for International Experience](#). View "Associated Programs" and "Associated Services" to attend workshops or seek immigration advice.

*US students: the Government of Canada recommends applying online rather than at the border.

In addition to a study permit, some students will also need a visa to come to Canada. [Check requirements for your country>>](#)

- Start the search for residence.**

The Toronto housing market is hot, and some student residences have waitlists, so begin to make inquiries early on. [Finding Housing>>](#)

- Enable your JOINid.**

Before the new semester starts, the Registrar's Office will send you the link to enable your JOINid. This will allow you to login to ACORN (U of T's student information service) and register for classes. You can expect to receive this email before class registration opens (July, for a summer start).

- Activate your UTORid online.**

24-48 hours after enabling your JOINid, you will be able to activate your UTORid. You can obtain a UTORid and U of T email address online at the [TCard](#) website.

A UTORid is an eight-character, alphanumeric identification that allows you to access various U of T online programs and services, including the U of T Library system.

It is important to look for these links from the Registrar's Office and activate as soon as possible.

- Apply for financial aid (optional)**

If you require financial aid, you can apply for a Wycliffe bursary here: [Financial Aid](#)

- Join the [Wycliffe College Students Community](#) Facebook group (optional)**

It's a great place to ask other students any questions you may have about moving to and living in Toronto.

¹ This list is for students whose degrees are granted conjointly by Wycliffe and the University of Toronto (MDiv, MTS, MTSD, MA, ThM, PhD, DMin, and Certificate in Theological Studies). Students enrolled in the Certificate in Anglican Studies or the Diploma in Christian Studies are considered "non-conjoint" and will not receive a UTORid or JOINid. Non-conjoint students register for UHIP through the Registrar's Office. If you are a non-conjoint student, please contact wycliffe.registrar@utoronto.ca for assistance and information.
